Above are tables of automobile companies reporting their sales numbers for the month of April 2019. From the above tables we can see that most of the automobile companies including two wheelers, passenger vehicles and commercial vehicles, all have reported dismal set of numbers indicating sluggishness in the demand for automobiles. Most of the companies have continued to maintain a good export which indicates the demand from the international markets is picking up.

Ashok Leyland, which is primarily into commercial vehicles reported good set of numbers and stood out in the industry as its total sales jumped by good 7% Y-o-Y followed by TVS Motors whose total sales grew by 5% Y-o-Y.

Tractor industry has slowed down before elections where Escorts reported total sales de-growth of 15% Y-o-Y followed by Mahindra & Mahindra whose total sales de-grew by 9% Y-o-Y. Exports for Escorts continue to outperform the industry and surged by 202% where M&M's export de-grew by mere 26%.

Amongst the two wheeler companies, TVS Motors reported highest volume growth of 5% and continues to surpass the industry followed by Bajaj Auto who reported flat growth of 2% on a yearly basis. Exports for both TVS and Bajaj remained flattish at 3% and 11% respectively.

Maruti, which has the largest market-share in the passenger vehicle segment, reported sales de-growth of 17.2% Y-o-Y ahead of the general elections.

We feel, tractor industry will gain momentum in the coming months as the current budget gave various benefits to the rural economy in terms of hiking MSP by 50% on all 22 crops thereby working towards doubling farm income by FY2022. Hence we feel, post elections and with expectations of normal monsoon, huge liquidity is under its way for the rural economy as a result tractors and 2 Wheelers companies will be major beneficiaries benefiting companies like Bajaj Auto, Escorts & M&M, which should be accumulated on dips.
